Book Club Final Assignment

Learning Intention: to demonstrate a deep understanding of the big ideas and make deep connections to at least one Book Club novel by choosing 5+ key moments or events in the main character's life.

Assignment: Learning Journey

- Use traffic signs to symbolize 5+ key moments or events in the life of the main character. Your traffic signs can be selected from the ones provided, or you may make up your own. These should be in a logical order and can be connected using arrows to guide your audience.
- For each one, write a brief summary of the event explaining why it was significant in the life of the main character. 3+ of these will explicitly demonstrate how the character demonstrates any three of the SSS 'SPIRIT' qualities. Make sure that the traffic sign MATCHES the event. (eg: 'road block' sign would symbolize when the M.S. St. Louis and Josef's family were stuck on the shores of Cuba in the novel Refugee)
- Create a visual display for your 5+ events. Choose the best way for you! Poster, slideshow using iPad, etc. If you have an idea, please ask your teacher.
- Choose at least 3+ of your events and make a DEEP connection to your life, another text/media source, or the world around you.
